

- ◆ SUS304 stainless steels structure, SUS304 cookingwell.
- ◆ Triple jacketed vessel with independent steam generator.
- ◆ Indirect heating to avoid burnt food.
- ◆ Motorized pan tilting design, pan can be tilted over 90°.
- ◆ The steam generator is equipped with water level sensor and water level regulator
- ◆ Equipped with over-pressure protection, over-temperature protection, lack water protection function.
- ◆ Best solution to boil, poach, steam, braise, simmer food.
- ◆ High quality safety relief valve.

Technical Description

Technical Data

Model

SGT-E150BU

Dimensions

1250 × 1080 × 1465 mm

Power

18kW

Voltage

380V / 3P+N+E / 50Hz
