

PREMIUM UNDER-COUNTER LARGE CUBE ICE MAKER SN-200P

The SN-200P Premium Under-Counter Ice Maker is purpose-built for high-end hospitality venues requiring slow-melting, crystal-clear ice for premium beverage service. Using advanced spray technology, it produces large 48×48×58mm cubes with a core temperature of -17°C, ensuring clarity, density, and extended chill times—ideal for whiskey, cocktails, and upscale drinks. Designed to perform in tropical conditions up to +43°C, it combines durable SS304 stainless steel with ABS construction, automated cleaning, and intelligent controls, all in a compact under-counter design that saves space while delivering reliability and efficiency.

CRYSTAL-CLEAR LARGE CUBES

Produces slow-melting 48×48×58mm cubes perfect for premium spirits.

PERFORMS IN HOT ENVIRONMENTS

Tropicalised to operate reliably in up to +43°C ambient.

HYGIENIC & DURABLE BUILD

Stainless steel and ABS design resists corrosion and is easy to clean.

INTELLIGENT CONTROL SYSTEM

Automates ice production, harvesting, cleaning, and fault alerts.

FAST & SIMPLE MAINTENANCE

35-minute automatic cleaning cycle for reduced downtime.

COMPACT UNDER- COUNTER DESIGN

Saves space while maximising output for busy venues.
