• Come with instruction manual & tools
• Supplied flat-packed for ease of transport

Description

All Stainless Steel Pipe Wallshelf - 1800-WSP1

This long, uniquely designed, strong wall shelf comes straight from our very own doors here at Federal Hospitality Equipment.

This piped wall shelf is built purely from stainless steel and is made to be applied to your workspace or kitchen walls to store tools, equipment or stock for quick, simple access. This is especially optimal within kitchens during those peak busy hours where chefs and staff can easily reach and grab stock. The long width (1800mm) fits better in kitchens with wider walls or within larger-scale restaurants where there 's plenty of space.

This tough wall shelf comes with two brackets and supplied flat-packed with instructions and tools.

1800mm wide; 3 brackets

300 mm deep × (bracket) 300 mm high
• 1.2 mm material; SUS304 (18/8); Hairline finish
• Specially designed for quick & simple assembly
• Come with instruction manual & tools
• Supplied flat-packed for ease of transport
