**COBRA®**  
YOUR STYLE, YOUR WAY

# NO RESTRAINTS. NO BOUNDARIES.

Cobra has tomorrow in its sights.

**COBRA®**  
YOUR STYLE, YOUR WAY

## Uncompromised performance.

Powerful, the Cobra Series is the solution for those who demand reliability and capability. Styling is modern and fuss-free with the focus on performance.

**Effortless:** Robust controls give a high to low turndown to simmer position, with safe 'push'n'turn' on or off settings, and Cobra's 22MJ open burners are made as a simple two-piece construction for easy cleaning.

**Easy:** The Cobra range of cooktops, barbecues and griddle toasters have a unique open cabinet base offering increased storage space as standard. All modular units (excluding woks and stockpots) feature sturdy legs at the front with rollers at the rear, making placement and servicing quick and convenient.

**Everywhere:** Cobra is suited to a large range of eateries – anywhere that needs solid raw power, specific cooking equipment that offers cuisine flexibility when cooking a diverse menu.

22MJ OPEN BURNER SYSTEM DELIVERING  
FLAME FAILURE AS STANDARD.

## Gas Cooktop / Gas Griddle

Available in both 600 and 900mm

The Cobra gas cooktop has been designed to meet every standard the busy kitchen demands. The cooktop is mounted on a cabinet base offering convenient storage. The simple lift-out 22MJ rated open burner provides exceptional performance and easy cleaning. Flame failure is standard with optional flame failure and standing pilot. The cast iron burners and trivets are finished to the highest quality in vitreous enamel for great looking durability.

Fitting a griddle to your cooktop allows an even greater degree of flexibility. Select your griddle width from 300mm to the entire cooktop surface.

THE 900MM WIDE COBRA OVEN RANGE FEATURES A FULL WIDTH OVEN WITH GENEROUS CROWN HEIGHT AND SPACE SAVING FRENCH DOORS.

# Gas Range Static Oven

Available in both  
600 and 900mm

As the centrepiece of any kitchen the oven range needs to be a durable, dependable and adaptable workhorse. The Cobra oven range has a generous gastronorm capacity, with standard 2/1 GN or two 1/1 GN pans (900mm) and one 1/1 GN pan (600mm) on each rack. Side hinged door (600mm) and french doors (900mm) give full width access. The high crown height means this oven can consistently deliver any volume required.

The optional hob variations on top allow for a configuration between open burners and griddles to suit your specific needs. Our quality is in the detail - the design of pot stands, oven liners and even to the steel oven base tray are made for easy, effortless cleaning.

# Gas Barbecue

Available in both  
600 and 900mm

Make a lasting impression with the cast iron grates with this heavy-duty barbecue. Used in either a flat or tilted position, they've got the ideal grate edge to produce a branded finish for visual appeal and taste.

V-shaped cast iron burners, radiants and baffle plates are all easily removed for cleaning.

## Gas Waterless Woks

Available in 600mm, 1200mm and 1800mm

Manufactured in New Zealand Cobra woks utilise a welded frame full chassis with a double skin wok deck that delivers a robust, long-lasting surface. These models do not require any water to cool the wok deck, increasing energy efficiency and reducing steam.

They're ready with the power too. The 95MJ/hr 24 jet (C) chimney burner and 105MJ/hr 18 jet (D) duckbill burners deliver outstanding power, and flame failure with the pilot burner is fitted as standard. The gas flame is controlled via use of the main burner level control handles, which are perfectly located for easy use. All Cobra woks are a compact 800mm in depth and offer a 14" wok ring that suits woks between 40cm – 60cm / 16-24".

WATERLESS WOK MODELS  
AVAILABLE WITH DUCK BILL  
AND/OR CHIMNEY BURNERS,  
WATERLESS STOCKPOT  
AVAILABLE WITH DUCKBILL  
BURNER ONLY

# Gas Waterless Stockpot

Available in 600mm

The Cobra waterless stockpot utilises a cast iron pot-stand that is positioned at 600mm in height for simple, easy use. This unit utilises a 70MJ Duckbill burner, making it suitable for a range of stockpot sizes (the largest capacity is 150 litres).

Everything here is designed for maximum efficiency and minimum effort. The flame/heat setting is regulated by use of a gas lever that is ideally positioned on the front control panel. Pot filling is by way of a water laundry swivel arm located on the high splashback, ensuring safe pot clearance during use.

## Single Pan Gas Noodle / Pasta Cooker

Available in 450mm

The Cobra noodle cooker and pasta cooker is built for speed. Fully modular, and featuring a unique pan design, it comes well equipped for the continuous production of perfect noodles and pasta.

From variable high boil to standby simmer our patented infrared burner system maintains constant water temperature and enables faster turnaround of product through outstanding recovery times from low heat settings.

Flexibility of use is excellent too. The standard provision of five baskets allows five different noodles to be cooked at the same time, the pasta cooker has six baskets.

## Gas Salamander

Available in 900mm

Melting, grilling or toasting? Then this salamander is the perfect choice. Able to be placed either on a bench or wall mounted, this salamander is a versatile and valuable addition to any modern kitchen.

The power within Cobra salamanders is exceptional - the strong infrared burners offering far greater efficiency and high performance when compared to standard blue flame systems.

## Gas Griddle Toaster

Available in both 600 and 900mm

It's the best of both worlds – the full griddle plate performance, plus the convenient benefit of a toasting compartment.

The Cobra griddle toaster has specially designed burners and stainless steel radiants perform two different functions, heating the 12mm thick grill plate and providing heat to the toasting rack with five toasting rack positions to choose from.

## Single Pan Gas Fryer

Available in 400mm

Even the smallest kitchen will generally have a big need for a good fryer. That's why the Cobra fryer has been carefully designed to deliver the highest levels of performance – it's vital this valuable tool continues to deliver consistent quality.

The Cobra fryer features a stainless steel pan and external finish. It's the fryer that can take the knocks, and just keep delivering. It also has an effective 'cool zone' that delivers longer oil life, high efficiency and it's easy to clean.

YOUR STYLE, YOUR WAY

## À la carte dining.

Simple sophistication shines as à la carte dining gets a makeover. Sleek contemporary restaurants require systems that step up to produce food that appeals to the senses and sets the agenda for a new approach to dining. Cobra delivers with functional, powerful pieces that adapt to the most innovative of food approaches.

**Lead the field:** Free yourself to focus on your brand with a range that delivers on performance without fuss.

## Fusion dining.

Cobra's edgy range delivers the flow, form and function needed by contemporary chefs. Combining refined styling with power and versatility, Cobra creates space for the creativity to fuse ethnic influences with firm favourites to keep pace with the ever-changing restaurant business.

**Your style, your way:** Our customers told us they needed equipment to evolve with them. We've responded with fresh tools that work with core pieces to design a kitchen unique to each customer's signature style - today and tomorrow.

## Ready to go.

Restaurant-quality meals in homes means equipment not only designed to create the dish, but keep it hot, fresh and full of flavour. Turbofan ovens and holding cabinets deliver responsive, game-changing technology that produce not only perfectly cooked food but the ability to hold it at optimal temperatures.

**Future proof:** Multi-functional pieces with a variety of applications provide flexibility, suiting your food style now and in future. Change up your menu, refresh your style or reboot your approach - Cobra adapts alongside you.

## Asian inspired dining.

Asian-inspired pieces take your passion for flavour to a new level. Stay on the cutting edge of food trends with powerful woks, waterless stock pots and speedy noodle cookers that will give you the flexibility to create your own fusion style.

**World cuisine:** The global village brings new tastes and textures to experiment with. Cobra gives you tools with the power, affordability and flexibility to develop a fresh style incorporating the tastes of Asia.

## Café.

Urban and intriguing or full of country charm - whatever the style, Cobra's versatility helps manage the peaks and troughs of a busy cafe. Mix and match key pieces with specialised additions such as the gas salamander or griddle toaster to customise your kitchen to match your vibe.

**Maintain your edge:** The competitive cafe environment demands operators stand out. Cobra's core reliability and functionality mean you can focus on delivering for your customers.

## It's show time.

Feeding a crowd demands no-nonsense equipment that delivers next-level flexibility and capacity. Toast, grill, bake - then keep it perfect with Cobra's versatile range with the right size for every venue.

**Quality and quantity:** Cobra's performance and capability ensures no quality compromise when producing food on a large scale or in a short time frame. Feel confident under pressure knowing Cobra handles the heat.

## HERE FOR YOU

Come see for yourself.

With a wide-ranging network of dealer showrooms you'll always be able to experience the power and precision of the Cobra range up close and personal.

Here our skilled chefs and expert sales team can take you through all the functions and options, ensuring you've got every appropriate resource for assessing and choosing new equipment perfectly matched to your unique requirements.

Introductory sessions can be booked online.

## THERE FOR YOU

You can never plan for every contingency. But you can have the systems in place to make certain that any incident can quickly and expertly be resolved.

That's what we take pride in – the renowned Moffat full service back-up 24 hours a day, 7 days a week.

Our Technical Service Department provides experienced support to our team of trained service personnel in each branch.

Our strategically placed service providers also deliver backup to outlying areas, and a national toll-free number ensures you've got immediate support when and where you need it.
