DOCUMENT NOTICE

The supplier document begins on the next page. KW contact branding is added in a separate footer area and does not replace the supplier's instructions, specifications or warranty terms.

Official supplier source: <https://www.foodequipment.com.au/amfile/file/download/file/2508/product/8155/>

TOOLS REQUIRED

Allen wrench (included)

PARTS:

- ① (1) Table Body
- ② (2) Legs
- ③ (1) Cross Brace
- ④ (8) Screws
- ⑤ (2) Sockets

Assembly Instructions

The assembly area should be clean and level surface.
Dish table edges may be sharp and can cause cuts.
Please wear gloves during assembling and handle with care.

1. Put the dish table body ① upside down on a surface that will not scratch or damage it.
2. Connect the aluminum connecting sockets ⑤ to the cross brace ③ and legs ②, then tighten all set screws ④.
3. Insert legs into the bottom sockets of dish table. You may need to loosen a set screw if any leg is hard to go in.
4. Tighten all set screws and place the dish table right side up.
5. Adjust the feet for desired height or to compensate for uneven flooring.
6. Remove protective films if needed.
Now this dish table is perfectly assembled.
