DENOMINATION:

Countertop electric grill, stainless steel grill, half module, 900 range.

DESCRIPTION :

- Surface tops manufactured in 2 mm thick AISI-304 stainless steel.
- Laser-cut joints, automatic welding and polishes. Screws hidden from view.
- Grills fitted with 130 mm high dismountable guard to avoid splashing, manufactured in stainless steel.
- High temperature enamelled cast iron flue protector.
- Access to the components from the front.
- Machines with IPX5 grade water protection.
- In the models with stainless steel grill, this is manufactured with sheets of AISI-304 in "V" shape to facilitate cleaning.
- The grills reach a very high temperature (400 °C), meaning that the surface of the product seals rapidly, keeping the inside of the food much juicier.
- Groups of stainless steel covered elements upon which you can cook food directly (a group of 3 elements for half-sized module models and 2 groups for whole module models).
- Water tray for safety. It also allows an adequate level of humidity to be reached for optimum cooking conditions.

POSSIBLE OPTIONS :

- 230 1N- Transformation A 230 V single phase
- 230 III - A 230 V three-phase transformation without neutral
- MARINE - Other machines - Ship transformation - 440 III

POSSIBLE ACCESSORIES :

- TALL CHIMNEY KORE

DIMENSIONS

X Width	400 mm	X Gross width	440 mm
