Heavy Duty Chest Freezers With S/S Lid

BD-F SERIES

BD520F/BD600F/BD750F

Efficient Cooling Performance

Utilizes environmentally friendly R290 refrigerant for a reduced carbon footprint and enhanced workplace safety.

User-Friendly Convenience

Features digital control, an interior LED light, removable baskets.

Flexible Options to Suit Your Needs

Available in single and double door models with multiple capacities (5, 6, or 8 baskets) to match your space and requirements.

Durable & Portable Design

Built with a sturdy aluminium and equipped with easy-rolling casters for flexible movement.

DETAILS

The Thermaster BD-F Series Chest Freezer boasts a range of outstanding features. The energy saving fan optimises airflow to reduce power consumption, while the quick and deep freezing function rapidly reaches core temperatures of -22°C for long term preservation.

The efficient compressor ensures stable performance with minimal energy waste, and the low noise operation makes it suitable for quiet environments. The integrated LED light illuminates and the digital temperature control allows for precise adjustments between -18°C and -22°C .
