PERSONAL PROTECTIVE EQUIPMENT

AUTOMATIC DISH WASHING MACHINE

Rinse excess food scraps from plates and cutlery before placing them in machine.

Add Clear wash to a dispensing unit internal or external on your dishwasher, if your unit does not have a liquid dispensing system refer to product manual prior to use.

To work effectively dishwasher should be checked for Ph of 11. If the machine water is heavily soiled empty water and refill with clean water to get optimum results.

HEALTH & SAFETY

- Refer to Safety Data Sheet (SDS) before use.
- Do not allow product to come into contact with skin & eyes.
- If chemical comes into contact with eyes, rinse with sterilised water or saline for at least 15 minutes, and seek medical attention.
- If chemical comes into contact with skin, wash affected area quickly and thoroughly, and seek medical attention.
- Avoid breathing mist & vapours.
- Wash hands after use.
- Wear protective clothing, gloves & chemical goggles.
- Do not mix with other chemicals, only mix with water.
- If poisoning occurs, do not induce vomiting. Seek medical attention.
- Keep out of reach from children.

SPILL INSTRUCTIONS

Slippery when spilt. To avoid accidents, clean up immediately. Wear protective equipment to prevent skin and eye contact and breathing in vapours. Work up wind or increase ventilation. Contain - prevent run off from entering drains and waterways. Collect spill using absorbent material (soil, sand or other inert material), then seal in properly labelled containers or drums for disposal.
