Undercounter Fridges With Drawers

XUB D SERIES

XUB7C13S2D/XUB7C18S3D/XUB7C22S4D

KEY FEATURES

Efficient Cooling Performance

Fan-forced evaporator system provides rapid temperature recovery and uniform cooling.

Adaptable Configurations

Tailor your storage with our comprehensive selection of drawers, designed for any workspace setup.

High-Performance Stainless Steel Cabinet

60mm thick polyurethane foam to ensure stable temperature performance even in high ambient conditions.

Energy Efficient Design

High-density, HFCs and CFCs free insulation for maximum cooling efficiency and minimal energy loss.

DETAILS

The Fed-X XUB D Series undercounter fridges with drawers deliver exceptional practicality and cooling performance for busy commercial kitchens. Designed for efficiency and accessibility, each unit features refrigerated drawers that keep chilled produce and ingredients within arm's reach, reducing workflow disruption and improving preparation speed. Fan-forced evaporator cooling guarantees consistent temperatures, while digital controls provide precision and ease of use.

Constructed entirely from stainless steel, the XUB D Series offers a robust, hygienic solution that integrates seamlessly beneath benches or acts as a stand-alone worktop. Tropicalised for Australian conditions and equipped with smooth-gliding heavy-duty drawers, these units represent the perfect balance of strength, performance, and convenience.
