Product Information

- Specifically designed to display ready-to-serve cold food
- Adjustable digital temperature control (from 2°C - 5°C)
- Efficient LED lighting for increased product visibility
- Sleek black modern finish
- Front facing frameless glass construction
- Fully double-glazed heated glass along with warm air blown up the front and sides to minimize condensation
- Vertically integrated airflow system delivers cool air to each shelf from the base, left and right columns reducing potential for products to dry out
- Removable shelves and base for ease of cleaning
- 3 tier (base and 2 adjustable shelves - additional shelf available)
- Easily removable condenser filter for hassle free cleaning. (No tools required)
- Spring loaded sliding glass doors to rear with magnet to hold doors open for loading
- Protective coating on refrigeration coil to help prevent corrosion
- Supplied on castors for easy manoeuvrability and levelling feet

Designed & Engineered in Australia to meet Australian Standards
24 Months on-site parts and labour warranty

Specifications
