If you're looking for a stylish and highly practical heated display unit, you've come to the right place at FED. This black trim Bonvue heated display unit is a quality-built product and engineered to place your hot foods in the spotlight.

The H-SL series works hand in hand with Bonvue's chilled display units, so you can place both displays within the front of your bakery, pizzeria or takeaway store and decorate your store with a fresh variety of tasty meals.

The H-SL840V preserves your warm foods with consistent temperature levels. It's constructed with a stainless-steel exterior frame, three levels of wired shelving, fan-forced thermal airflow and temp controls.

Brought in from Bonvue, one of the leading brands in reliable, high-functioning kitchen equipment, this heated display is robust, big and a worthwhile addition to any store desiring that edge.

Key Features:

- 1200 mm wide
- 4 Display Levels
- Black Trim & Shelving
- Fan-forced thermal air-flow & humidity

- Stainless Steel
- Easy to clean
- Lighting over each level
- Sliding rear doors
- Digital temp. control & read-out
- 3 levels of wired shelving plus floor

Additional Information:

- Temperature Range: 40 ° C - 75 ° C

Note: This is a hot food holding cabinet only, it is not designed to heat product.
