Thermaster Single Zone Wine Dispenser- WD-4

Quick Overview

- Suitable for red and white wines
- Designed with a capacity for 4 bottles of wine.
- Automatic defrost function.
- Temperature range: 5° C - 20° C.
- A white LED digital temperature controller allows you to set the desired temperature for white or red wines easily.
- LCD control screen enables easy adjustment of the wine-pouring amount, accurate to the milliliter, and also allows you to check the remaining amount of wine in the bottle in real-time.
- Quiet, high-output compressor refrigeration system.
- Four stainless-steel spouts, designed for pouring wine by the glass.
- Ambient: 16 to 38

Description

Thermaster Single Zone Wine Dispenser- WD-4

Discover the Perfect Wine Experience - Wine Dispenser Intelligent Wine Pourer The Wine Dispenser intelligent wine pourer is your ideal choice! The Wine Dispenser is specifically designed for wine storage and pouring by the glass, boasting a range of practical functions. It features a quiet, high-output compressor system with an automatic defrost function, which can precisely control the temperature between 5 ° C and 20 ° C. Whether a refreshing white wine or a full-bodied red wine, it can maintain the optimal storage and serving temperature. The unique environmental plastic parts, hygienic stainless-steel spout, and electronic valves not only ensure the pure taste of the wine but also effectively prevent wine drips.
