All-in-one

Versatility without
add-on tools

Versatility without add-on tools

XM-12 is ideal for achieving the most subtle, delicate and airy **blending or smooth purées**. The **advanced design of the blade**, the blade protector and the range of speeds available make it ideal for achieving the most subtle blending to more delicate and airy emulsions, all in a fast and comfortable way and without the need for add-on tools.

Watch Video
on Youtube

The **Y-Blade**, professional and with **three very sharp blades of tempered steel** with a long-duration cutting edge, has inclinations which have been studied in order to achieve a perfect result with each elaboration.

Thanks to the three blades, **less time and less motor effort** is required to obtain the desired texture.

All-in-one

Designed for small productions

XM-12 is ideal for mise-en-place and support in service. It is intended to work with maximum comfort in recipients of **up to 10 litres** of capacity.

All-in-one

Optional arm

Optionally, **XM-12** can be equipped with a shorter additional arm, making the blender even **more versatile**.

Enhanced UX

Maximum comfort
for the user

Compact design

Similar in size to a domestic mixer, **XM-12** is a logical and **manageable size** for mise-en-place and support in service.

Ergo-design & bi-mat-grip

XM-12 is a highly manageable blender. The external casing, made in two materials, allows an ergonomic hold with an anti-slip grip and the handle features optimum inclination in order to minimise fatigue.

Click-on-arm

The arm is **detachable** with quick fastening due to the safety restraint system and the “click” which indicates the locked position.

▪ 12 ▪

Hood designed to avoid splashes

The careful design of the hood **avoids splashes** during work.

Intuitive use

The operation of the **XM-12** is very simple and intuitive and it has a warning light when the machine is connected to the mains.

Built to last

Durability guarantee

• 15 •

Built to last

Professional performance

Robustly constructed, **XM-12** is manufactured with **materials of the highest quality** and offers maximum motor power in a compact size. It is capable of carrying out prolonged work **without the casing overheating.**

Built to last

Life-plus

XM-12 is equipped with a motor which has passed all of the most demanding usage tests.

Built to last

Studied geometry

The exterior shape of the casing is designed to avoid it rolling and falling from the work surface.

• 18 •

Built to last

Easy to clean

Thanks to the ease of assembly and disassembly of the arm, **cleaning** it is extremely easy and **can be done both under the tap and in the dishwasher**. The lower closure of the metal arm guarantees robustness and durability.

Built to last

Approved by NSF

XM-12 is approved by NSF:
guaranteed safety and hygiene.

Specifications

- Total loading 240 W
- Maximum recipient capacity 10 l. / 2,6 gal.
- Motor speed 1500 rpm - 15000 rpm
- Blade guard diameter 65 mm. / 2.6"
- Electrical supply 230 V / 50-60 Hz / 1 ~ (0.7A) • 120 V / 50-60 Hz / 1 ~ (1.5A)
- Length:
 - Liquidising arm length 223 mm. / 8.8"
 - Total length 448 mm. / 17.6"
- Net weight 1.4 kg. / 3.1 lb
- Noise level <80 dB(A)
