Â

Advanced Functionality:

- 360° unobstructed panoramic display
- Digital temperature control system
- Dual-pane tempered glass sliding rear doors for easy access

Â

Premium Engineering:

- Mobility-ready design with positioning stability
- AISI304 stainless steel interior & exterior construction
- Electric heating tube heating system (uniform heat distribution)

Description

Bonvue Heated Display Cabinet - H-SF820V

Bonvue Heated Display Cabinet combines robust construction with advanced functionality for Australian food businesses. Featuring 4-sided double-layer tempered glass and an AISI304 base display area, it ensures durability and hygiene. The 360 ° panoramic display with warm yellow lighting enhances product visibility, while the digital temperature control maintains optimal heating. Ideal for bakeries and cafés, its sliding rear doors and mobility-ready design offer effortless access and positioning. Energy-efficient with uniform heat distribution, this cabinet meets Australian commercial standards for reliability and performance.
