A professional, configurable oven that stands out for its precision in cooking results thanks to its steam saturation system and effective climate management. It certainly marks a before and an after in the way we cook. The iKORE generation is autonomous. It includes a system of intelligent recipes and additional cooking process features, and can even be controlled remotely. And when you have finished, we guarantee maximum hygiene thanks to the innovative washing system.

Key Features

- 2.8" screen with rotary knob and push function for configuring and confirming inputs
- Clima: Humidity management and control using direct measurement with a humidity
- 10% regulation capacity
- Storage capacity for more than 100 9-stage recipes (comes with 100 recipes pre-set)
- Air and water cooldown (rapid cabinet cooling function)
- Cooking modes: low temperature steam 30-98°, steam 99°, super steam 100- 130°, mixed 30-300° and convection 30-300°
