- Practical choice. These high quality kitchen equipment provide an excellent foundation for any commercial kitchen, combining the practicality of a volumetric compact espresso machine with the production capacity of a 2 group espresso coffee machine.
- Reliable and efficient. Our espresso machines are carefully designed to meet every product's brewing capacity, with a modern and stylish touch; perfect for your kitchen!
- Great value for money. Get the longevity you need for the price you want.
- Hygienic & easy to clean. Our products meet the appropriate Health Department requirements, and are easy to clean, with simple installation and remarkable service.

Description

Bezzera OTTO Red Compact 2 Group Espresso Machine BZOTTOCDE2IR1

Brew that perfect blend your customers crave with our Espresso Machine! It combines the practicality of a volumetric compact espresso machine with the production capacity of a 2 group espresso coffee machine.

The compact design offers a budget and professional solution for businesses seeking the essence of quality, simplicity, and space saving. With the build in water pump, BEZZERA OTTO can be connected to a water tank which will deliver a mobile resolution for food trucks, coffee vans, pop-ups, trade shows, or other mobile events.

This also works with a motor-pump – the groups have electronically regulated solenoid valves. You can obtain 4 different doses of coffee with constant quantity and temperature, settable doses and prebrewing.

Key Features:

- Stainless steel body, back cover available in stainless steel, red and black
- Group head heater
- Automatic boiler water supply
- 4 volumetric doses setting in each group
- Auto stop of element in case of water shortage in boiler
- Support cup height up to 13cm as well as the traditional espresso cups
- In-built pump
- Two fully flexible stainless steam and water arms

Additional Information:

- Boiler: 8L
- Colour: Red
- Load connection: G 3/8"
- Drain connection: G 3/4"

Warranty: 1 year parts only
