This is a remarkable tabletop cutter, mixer, and emulsifier which is easy to clean and comes with a waterproof control panel with a flat on/off button and pulse function. All ingredients are processed evenly and quickly thanks to a special movement generated inside the bowl!

Most importantly, this food processor is food-safety assured in accordance with European directives and UK legislation. In addition, materials in contact with food are BPA-free!

Key Features

- All ingredients are processed evenly and quickly thanks to a special movement generated inside the bowl
- Easy-to-clean and waterproof control panel with flat on/off button and pulse function
- Pulse function for coarse chopping
- All parts in contact with food are removable without the use of tools, completely dismountable and dishwasher safe
- Productivity up to 50 settings per service
- 9 speed levels for extra-smooth results and high-speed emulsifying.
- Food safety assured in accordance with European directives and UK legislation. In addition, materials in contact with food are BPA-free
- Product safety conforms to European directives, UK legislation, and international health and safety standards
- Micro-toothed blades in 420 AISI stainless steel and an ergonomic scraper in resistant composite material to ensure consistent mixing
- Compact design, easy to move and store
- IPX5 (IP55) waterproof, flat, touch-control panel
- Main switch ON/OFF on the back of the appliance
- Asynchronous industrial motor with no brushes for high reliability and quiet functioning, stainless steel motor shaft
