

Product Overview

Speed oven is designed to provide customers with fast, energy-efficient, easy-to-operate cooking solutions that allow them to handle peak meal times with ease. Speed oven combines microwave, hot air impingement and smart cooking technologies to deliver fast cooking without compromising on food quality, while saving energy and reducing space requirement.

Exterior Construction

- Black painted housing as standard
(stainless steel and other colours available with MOQ)
- Streamlined silver large rounded rectangular frame decoration. Strong visual impact.
- Ergonomic integrated door handle, simple and stylish
- Heat sink system to keep the housing below 55°C
- 2-inch adjustable feet

Internal construction

- 304 stainless steel chamber
- Butt-welded, heat insulated chamber
- Smooth design on the bottom of the chamber for easy cleaning

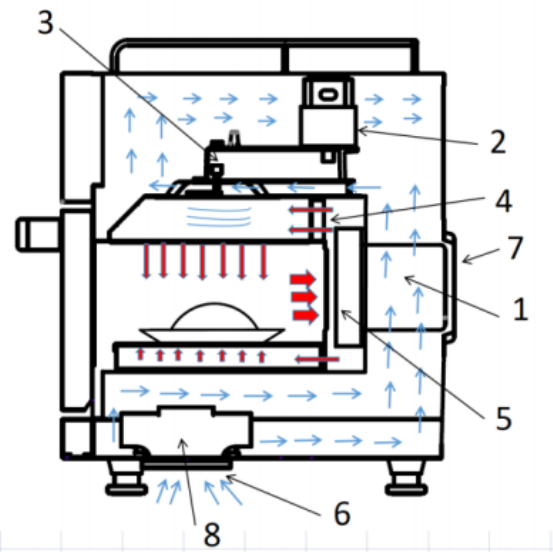

Standard Configuration

- Microwave system on top
- Single magnetron with stirrer for uniform microwave distribution
- Built-in catalytic filter, removable and replaceable
- External air filter
- More reliable door hinges, easy for door opening
- 7-inch touch screen
- Intelligent cooking system with 250 recipes+ storage
- Update software or recipes via USB or IOT
- Access to single-phase electricity
- Oven self-diagnostic function
- Metal top rack (optional)
- Power cord and plug (optional)

Standard Accessories

- 1 Teflon mesh basket
- 1 9" Pizza Pan
- 1 Oven shovel
- 1 round Teflon mesh pad
- Inner hall grill

Certification

|---------------------|--------------------|
| 1. Motor | 5. Heating element |
| 2. Magnetron | 6. Air filter |
| 3. Stirrer | 7. Exhaust port |
| 4. Catalytic filter | 8. Cooling fan |

Optional Configuration (additional charge)

- ☐ Recipe Scanner
- ☐ WIFI connection

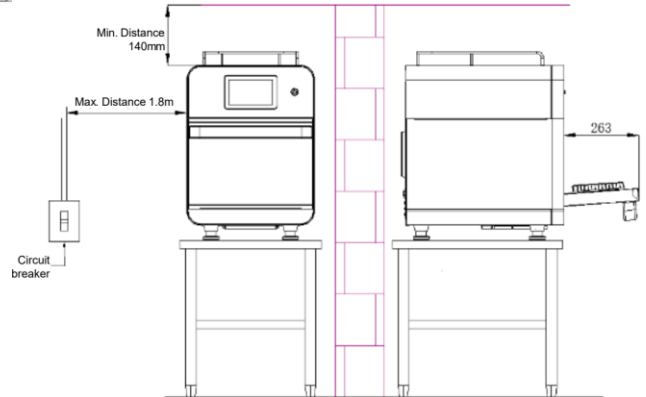

Measurement: Millimeter (mm)
Model: NP-SiTngs

Installation Instructions:

- Choose a place away from heat sources. Do not place in an area where has a grill, fryer, griddle, etc.
- If there is a heat source such as a stove next to the oven, a heat insulated panel above the height of the oven must be provided.
- Place the oven on a non-slip, non-combustible platform that is level and stable and can support the entire weight of the oven.
- There must be at least 60mm gap at the back of the oven and at least 140mm of space at the top for the oven to dissipate heat.
- There must be sufficient clearance at the front of the oven to allow the door to be opened and closed.
- Incorrect installation may invalidate the warranty.

Model	NP-SiTngs
Product size WxDxH	450*647*660mm (With Top Rack) 450*647*612mm (Without Top Rack)
Chamber size WxDxH	317mm×315mm×188mm (12.5"×12.4"×7.4")
Capacity (L)	18L
N.W. (KG)	60.5 kgs
Rated power (kW)	3.0-3.5
Voltage (V)	240V
Frequency (Hz)	50Hz
Controller	7" touch screen
Recipes memory	250+
Cooking stage	10
Cooking mode	Microwave + hot air impingement
*Microwave power(kW)	1.5
Impingement power(kW)	2.7-3.0
Impingement (Grade)	5%-100% (5% per grade)
Max. cooking Temp.(°C)	280
IP Rating	IPX3
Standard Color	Black
Optional Color (with MOQ)	Stainless steel, Red, Coffee Brown, Blue, Orange

Package information

Oven is packed into a heavy duty cardboard box with pallet

Package size : 770mm×565mm×H760mm

Gross weight (approx.): 74 kgs

Electrical data

Single Phase	
AUS NZ	240VAC, 50Hz, 15A input power 3.5kW Microwave: 1.5kW Heating element: 3.0kW
