

MILK COOLER WITH SMART DISPLAY

KEEPS MILK ACCURATELY COOLED AND PERFECTLY FRESH.

MCC-10L

KEY FEATURES

PRECISE CONTROL

Adjust temperature easily without opening the door via the external soft-touch panel.

ECO-FRIENDLY & QUIET DESIGN

Uses R600a refrigerant for low environmental impact, operating quietly with minimal vibration.

FAN FORCED COOLING

High-efficiency compressor and fan systems rapidly reduce temperatures to the set point.

SPACE-SMART & PRACTICAL

Compact 10L capacity with milk pipe holes takes up minimal space.

DETAILS

Smart-display milk cooler - is a reliable and user-friendly milk cooler engineered for precise temperature management. It combines a robust compressor cooling system with intelligent electronic controls, offering a stable cooling range of 0–5°C to perfectly preserve milk quality. Its standout feature is the external soft-touch control panel, enabling temperature adjustment and mode switching without opening the door, which enhances energy efficiency and temperature consistency.

Designed with practicality in mind, the unit provides a 10-liter storage capacity, ideal for holding standard milk bottles. The construction prioritizes durability and hygiene, featuring a white hips plastic interior, a sturdy metal Cabinet, and a full tempered glass door. Environmentally conscious design is ensured through the use of R600a refrigerant and cyclopentane foam Insulation.

FEATURES

EFFICIENT COMPRESSOR FOR FAST COOLING

Ensures fast cooling and consistent temperature, even with frequent door openings.

ENERGY-EFFICIENT OPERATION

Low 65W rated power ensures reliable cooling with minimal energy consumption.

PRECISION ELECTRONIC THERMOSTAT

To keep milk flavor and quality intact by maintaining a constant 0-5°C cabinet temperature.

FAN FORCED COOLING SYSTEM

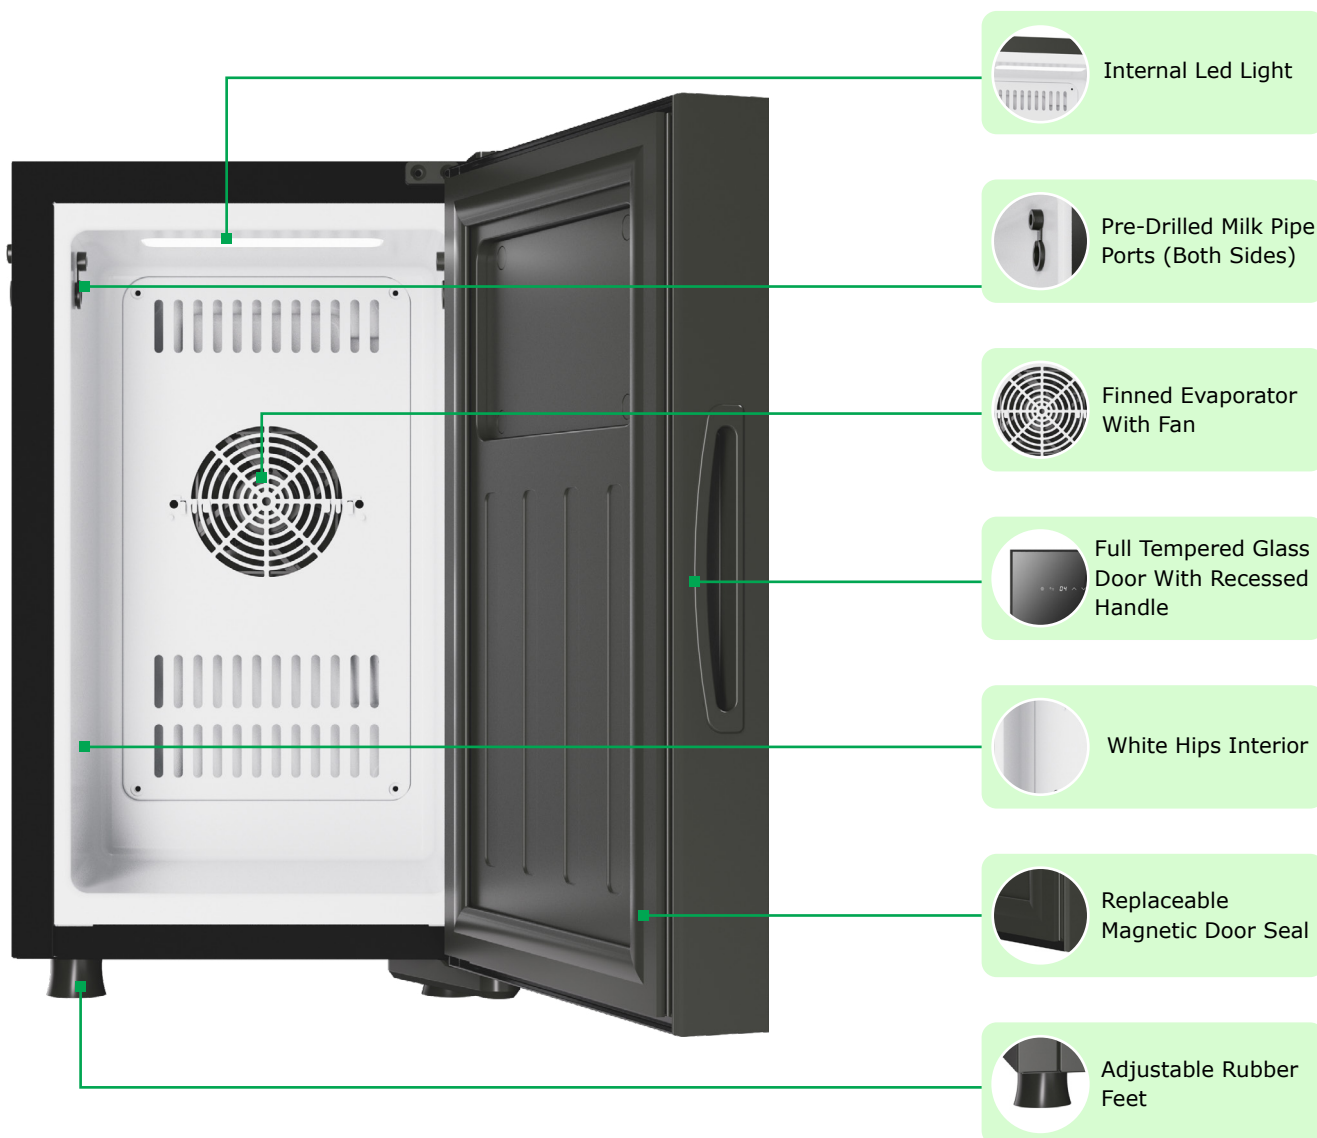

The fan circulates cool air, ensuring more uniform temperature inside the cabinet.

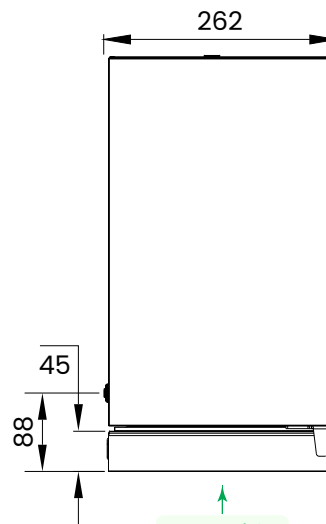

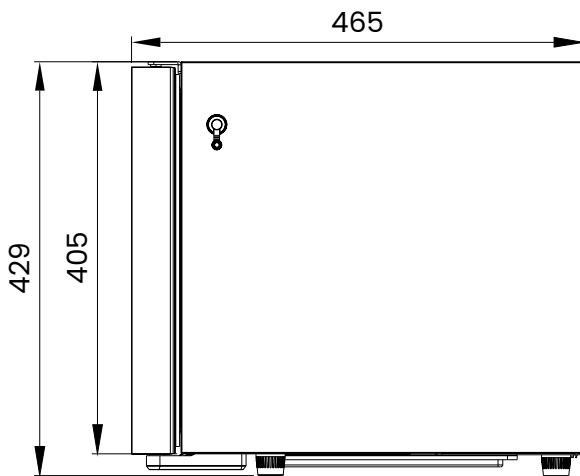

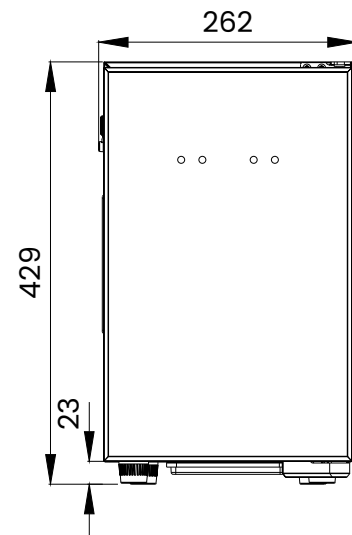

DUAL-SIDE COMPATIBILITY

Pre-drilled milk pipe holes on both sides offer flexible connection options.

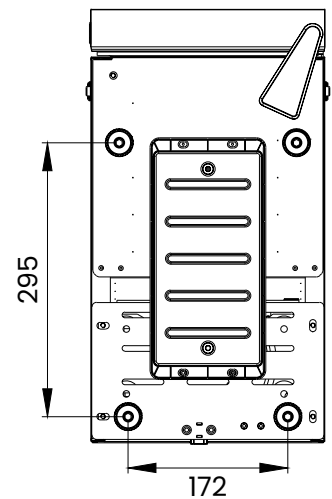

LOW MAINTENANCE DESIGN

Features automatic defrost and maintenance-free, self-evaporating condensate.

Front Side

Product Code	Gross Capacity (L)	Milk container Capacity (L)	External Dimensions (WxDxH mm)	Internal Dimensions (WxDxH mm)	Weight (kg)	Temp Range (°C)	Ambient°C/ RH%	Voltage (v)	Power (w/A)
MCC-10L	10	4	262x465x429	170x180x330	11.3	0 to +5	32/70	240	65/10
