Product Information

- Energy efficient fan forced heating system specifically designed to provide heated fan forced air distribution evenly throughout the display
- Adjustable digital temperature control (from 60°C - 80°C)
- Warm LED lights on each shelf to emphasize and increase product visibility
- Frameless double-glazed for exceptional display and safety
- Concealed rear filling water well positioned for hot air to be passed over, introducing humidity into the display - keeping products fresher for longer
- 4 tier (base and 3 adjustable wire shelves)
- Spring loaded sliding glass doors to rear with magnet to hold doors open for loading. Supplied on castors for easy manoeuvrability and cleaning

Designed & Engineered in Australia to meet Australian Standards
24 Months on-site parts and labour warranty
